Background

- 60% of people want to use technology and digital communications to **own and manage their healthcare journey**.*
- **21st Century Cures Act** - electronic records must be made available to patients
- **OpenNotes** - international movement promoting transparent communication in healthcare.

User Persona #1 - Gary Nash

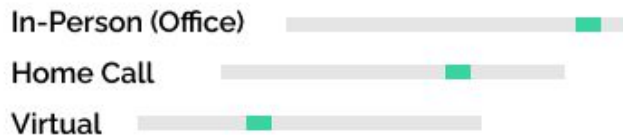

Gary Nash

Age: 70 years old
Location: Union, NJ
Marital Status: Widow
Occupation: Retired
Height: 5' 9"
Weight: 160 lbs

Overview

Gary Nash was brought in to visit his primary doctor by his daughter Jasmine (Proxy) due to his constant forgetfulness, disorientation, and irritability. After a few tests, Gary was diagnosed with early on-set Alzheimer's in June 2014.

Preferred Doctor's Visits

Appointments

Gary can also see exam results for blood work, scans, etc. along with prescriptions given

The screenshot shows a mobile application interface for managing appointments. At the top, there is a hamburger menu icon on the left and a search icon on the right. Below these is a navigation bar with left and right arrows flanking the text "JULY 2021". Underneath is a calendar grid for the month of July 2021. The date July 2nd is highlighted in a light blue bar. Below the calendar, there are two sections: "Upcoming Appointments" and "Past Appointments". The "Upcoming Appointments" section lists an appointment with Dr. Tim Burke, a dentist, on Tuesday, July 20, 2021, at 3:00pm. The "Past Appointments" section lists an appointment with Dr. Joe Scanlon, a neurologist, at Trinitas Hospital in Elizabeth, NJ, on Friday, July 2, 2021. Below this, there is a "Doctor's Assessment" section with two bullet points: "Memory loss, disorientation" and "CT scans show signs of past stroke and enlarged blood vessels". At the bottom of the appointment details, there are two buttons: "Exam Results" and "Prescription". The bottom of the screen features a navigation bar with five icons: a person icon for "Profile", a calendar icon for "Appointments", a nurse icon for "Assistant", a pill bottle icon for "Treatments", and a speech bubble icon for "Chat".

With the arrows and search icon Gary can look at past and future appointments
